INFORMATION TECHNOLOGY

Department Mission

The mission is threefold:

- To improve the efficiency and effectiveness of services provided by Metro Government;
- To better engage the constituency in the process of government;
- To contribute to the economic viability of the community.

Programs and Services

<u>Project Management</u>: To manage all information technology projects by providing strategic planning, scheduling and oversight.

Enterprise Application Support: To manage the enterprise application systems of Louisville Metro by providing programming and operational support for fleet maintenance, human resources, payroll, and LeAP systems.

<u>Client Services</u>: To support personal computers by providing technical support and troubleshooting hardware and software applications on desktop computers and by maintaining a help desk for Louisville Metro employees.

<u>Telephone Services</u>: To maintain a quality cost-effective telephone communication system by installing phone lines and extensions and managing set up, relocation, and support.

<u>Application Development</u>: To develop innovative information technology solutions by identifying opportunities for the application of new technology, planning the appropriate strategy for implementing new technology, supporting the installation of new technology, and by providing support to third party applications, .NET development and website management.

<u>Cabinet Technology Liaisons</u>: To support Louisville Metro cabinets by providing technology expertise and guidance to cabinets and by managing the Police Technology Unit.

Enterprise Infrastructure: To design, implement and maintain information technology by providing operational support for Intel servers; supporting e-mail, file and print services; and by managing information technology assets by evaluating functionality, design, and supporting emerging technologies.

INFORMATION TECHNOLOGY

Programs and Services (continued)

Security: To protect the integrity of Louisville Metro information systems and records by planning for and providing disaster recovery; ensuring business continuity and data integrity; establishing and maintaining all perimeter security and firewall administration; providing anti-virus, security updates, policies and procedures to users; and by performing security audits.

<u>Archives</u>: To maintain official documents of the Louisville Metro as required by law and in accordance with industry best practices by providing secure sites and technologies for document storage and retrieval.

Goals & Indicators

Measurements: Provide administrative, technical and financial training support to Louisville Metro Government. Create customer service culture. Develop and monitor a comprehensive Louisville Metro Diversity Plan. Improve and maintain internal and external communications.
